ANURAG

Product & Interaction Designer · AI Systems · Craft & New Media

+91-8750567696 · anuragarya56@gmail.com · Portfolio · LinkedIn · New Delhi, India

PROFILE

Tech-minded designer and storyteller with 4+ years across UI/UX, branding, and emerging technology. Currently pursuing MDes in New Media Design at NID, building AI-integrated physical computing systems and accessible interactive products. Strong background in shipping end-to-end digital products for Australian and Indian clients, with hands-on experience in LLM pipelines, computer vision, and hardware prototyping.

EDUCATION

Master of Design (MDes) — New Media Design 2025 – 2027
National Institute of Design (NID), Gandhinagar

Master of Arts — Entertainment, Media & Advertising 2020 – 2022
KC College, Mumbai, HSNC University

Bachelor of Science — Physics 2016 – 2019
Sri Venkateswara College, University of Delhi

ACADEMIC PROJECTS @ NID

Kria — AI Smart Fitness Mirror View Project March 2026 – May 2026
Academic Project @ NID

- Conducted user research and affinity mapping to identify fitness behaviour patterns and AI coaching needs in the Indian context; findings directly informed system architecture and persona design.
- Designed and built **Kria**, a real-time AI fitness coaching mirror integrating computer vision (MediaPipe BlazePose), GPT-4o conversational coaching, and a kettlebell-first exercise database of 121 exercises with live rep counting and form feedback.
- Engineered a full voice interaction pipeline (Groq Whisper STT, ElevenLabs TTS, VAD-based recording) with a Hinglish AI coach persona (Aryan), built around the product philosophy “daily practice, not punishment.”
- Built end-to-end hardware–software integration combining webcam, LiDAR depth fusion, and a PyWebView UI across 18 jury-ready screens — solo project, presented at jury May 2026.

Khaita Deepam — Commercial Revival of Kerala Screwpine Weaving 2025
View Project
NID International Open Elective · Shilp Sangam

- Designed a lotus-inspired ornamental pendant lamp to revive the dying tradition of screwpine weaving in Kerala, creating a scalable product targeting mass-market retailers like IKEA.
- Prototyped using bamboo, aluminum wire, layered cardboard, and traditional screwpine weaving — engineered for replication by the existing artisan workforce with no new tooling required.
- Project addressed artisan livelihood displacement by positioning traditional craft within the contemporary sustainable decor market, ensuring cultural preservation and commercial viability.

WORK EXPERIENCE

Design Lead Aug 2024 – Present
Ecompapi · New Delhi

- Led UI/UX design for Instantemp — an IoT temperature monitoring platform (web + mobile) for Australian hospitality and healthcare clients. Delivered brand identity, 57-page brand book, full web-app design system, and iOS/Android app across 4 design phases.
- Designed real-time analytics dashboard for a B2B SaaS platform reducing onboarding friction by 35% and improving data accuracy through iterative user testing.
- Introduced client briefings and QA checkpoints, slashing revision cycles by 50%; mentored a 5-member design team delivering 20+ campaigns on time.

Graphic Design — Senior Associate Aug 2023 – Aug 2024
Ecompapi · New Delhi

- Architected 360° brand identities for 10+ startups, defining visual language, tone, and multimedia assets including product shoots and video content.
- Produced video reels accumulating 2M+ cumulative views, driving a 40% surge in follower engagement for key clients.

Graphic Designer Oct 2022 – Jun 2023
Futuready Media · Mumbai

- Executed social media strategies for 20+ clients, designing 300+ creatives and grid layouts for accounts with 1.8L+ followers.

Freelance Graphic & UI/UX Designer 2018 – 2023

- Designed CRM-integrated UI/UX for an international dance academy (India/Australia), delivering 150+ responsive screens with mobile-first navigation and WCAG-compliant accessibility.
- Produced editorial content, packaging systems for wellness/FMCG brands, and SEO-driven website design with 45+ responsive screens and 150+ branded assets.

SKILLS

Design	UI/UX Design, Interaction Design, User Research, Journey Mapping, Scalable Design Systems, Accessibility (WCAG), Responsive Design, Prototyping
Tools	Figma, Framer, Adobe Creative Suite (Photoshop, Illustrator, After Effects, Premiere Pro), Generative AI (Midjourney, Adobe Firefly)
AI & Tech	LLM Integration & Prompt Engineering, Computer Vision, Python, Arduino/ESP32, Physical Computing, Hardware Prototyping
Soft Skills	Project Management, Cross-functional Team Leadership, Client Briefing, Narrative Design
Languages	English (Native), Hindi (Native)

ACHIEVEMENTS

- **Theatre:** Performed 140+ times at premier venues including NSD and IIT Bombay (2017–2019). National 1st Prize for directing/writing a play on gender dynamics.
- **Film:** Assistant Director on Akathit (MX Player / YouTube, 2022); AD, set design and storyboarding on the music video Dodged a Bullet (2022); collaborated on scripts, visuals, and lighting.
