Anurag

Product & Interaction Design | Physical Computing | AI-native Builder | New Media Design

New Delhi | anuragarya56@gmail.com | anuragkaaccount.github.io | linkedin.com/in/anuragkaaccount

Designer who builds. 4+ years in product and brand design; now at NID making AI-powered products that live in the physical world. My work spans product design, HCI and creative technology.

Education

- Master of Design, New Media Design | National Institute of Design (NID), Gandhinagar | 2025 - 2027
- Master of Arts, Entertainment, Media & Advertising | KC College, Mumbai | 2020 - 2022
- Bachelor of Science, Physics | Sri Venkateswara College, University of Delhi | 2016 - 2020

Experience

Ecompapi | Design Lead

NEW DELHI, INDIA | AUG 2024 - JUN 2025

- **IoT product, end to end.** Led UI/UX for Instantemp, an IoT temperature monitoring platform (web + mobile) for Australian hospitality and healthcare clients: brand identity, 57-page brand book, web-app design system and iOS/Android app across 4 design phases.
- **Commerce that converts.** Rebuilt the purchase journey for FitTrip Bikes, from a “find your perfect bike” filter to checkout. The new site took 7 orders in its first month, more than the whole year before.
- **Team and process.** Introduced client briefings and QA checkpoints to cut revision loops; mentored a 5-member design team shipping 20+ campaigns on time.

Ecompapi | Graphic Designer, Senior Associate

NEW DELHI, INDIA | AUG 2023 - AUG 2024

- **EdTech platform.** Designed LMS-integrated UI/UX for an international dance academy (India/Australia): 50+ responsive screens with mobile-first navigation.
- **Brand systems.** Built 360° identities for 10+ startups: visual language, tone of voice, product shoots and video.
- **Content at scale.** Produced reels with 2M+ cumulative views, lifting follower engagement 40% for key clients.

Futuready Media | Graphic Designer

MUMBAI, INDIA | OCT 2022 - JUN 2023

- **Social design.** 300+ creatives and grid layouts across 20+ client accounts with 1.8L+ followers.

Selected Work at NID

- **Kria**, AI fitness mirror, 2026. Designed and built solo: computer vision fused with LiDAR for real 3D form analysis, an 8-week training plan that adapts every day, and a voice coach that trains you in vernacular languages.
- **The Building Opposite**, interactive installation, in development. A night skyline of film windows seen through binoculars, until it watches you back. Built motion-tracked binoculars and a Quest 3 mixed-reality version in WebXR.

Skills

- **Design** Product and interaction design, Human–Computer Interaction, UX research, prototyping, design systems
- **Build** AI systems, LLM and voice interfaces, computer vision, physical computing, WebXR

Theatre & Film

- **Theatre.** 140+ performances at venues including NSD and IIT Bombay (2017 - 2019); national 1st prize for writing and directing a play on gender dynamics.
- **Film.** Assistant Director on Akathit (MX Player, 2022); AD, set design and storyboarding on the music video Dodged a Bullet (2022).
